Report of the Chair

The Chair announced, after reviewing the suggestion by Mr. Burger that the scheduled meeting on September 28, 2016, be held earlier in the month or re-instituting an August meeting, that the meeting will take place as scheduled. The Chair indicated that the meeting schedule still permits input on the fall/pre-winter market plan via e-mail and meetings of the ad hoc group on Eastern Market marketing and promotion. She also noted that keeping the meeting on September 28, 2016, will enable EMCAC to comply effectively with the notice requirement in its bylaws for the elections to be held at that meeting. Mr. Layman suggested that the ad hoc group could strive to have its recommendations ready by the July 27, 2016, EMCAC meeting. Mr. Burger indicated that the ad hoc group would discuss its timetable.

The Chair also announced that the non-food vendors elected Erika Rubel as their representative to EMCAC.

Finally, the Chair announced that she had authorized Susan Eads Role to produce a transcript of Forest Hayes’s presentation at EMCAC’s March meeting regarding a proposal to develop an Eastern Market business plan. The Chair explained that authorizing the transcript was necessary after requests to Barry Margeson and Mr. Hayes did not yield a summary of the presentation. When the transcript is complete, the Chair stated that it would be made available through EMCAC’s e-mail distribution list. She indicated that there is ample time to comment on Mr. Hayes’s proposal.
Report of the Vice-Chair
The Vice-Chair presented the report of the ad hoc group on Eastern Market marketing and promotion. He reported that the ad hoc group’s meeting in April was reorganizational in nature and the ad hoc group would be meeting regularly on a monthly basis. He reported that the ad hoc group discussed preliminarily the Main Street Project that has been proposed by several of the small brick and mortar businesses. He reported that the ad hoc group discussed outcomes from the distribution of the Eastern Market brochure and decided to make this topic the focus of its next meeting due to concerns that goals were not met. He also reported that programming ideas and developing a process for vetting such ideas for feasibility and economic viability was discussed. Finally, he announced that the directional sign at 3rd Street and Pennsylvania Avenue SE, which currently points north, will be moved to point east.

Update on Hine Construction Plans
Mr. Page provided the following update: south building structure to grade expected completion was revised from May to July, south building structure above grade expected completion was revised from June to September, no change in expected south building delivery in the second quarter of 2017, and no change in expected north building delivery in the fall of 2016.

Commissioner Hoskins inquired about the currency of EMCAC minutes posted on the Eastern Market website. The Chair reiterated that all written reports need to be sent to the Secretary.
